PASSION WEEK SERMONS APPEAL TO BIG AUDIENCES

Pastor-Evangelist Peters Showing His Mettle During Last Days of Big Methodist Revival.

The very unfavorable and extremely disagreeable weather of Tuesday evening did not deter a fine audience from assembling at Third Street M. E. church to enjoy the revival service now in progress. It is quite evident that a large number of people are interested in this meeting. The pastor, Rev. Peters, is giving a splendid series of Passion Week sermons that are at the same time very evangelistic. The sermon of Tuesday evening was based on the events of that busiest day of the Savior's last week, frequently called the "Day of Conflict." Many lessons of vital importance to the Christian life were drawn from this day in the Savior's life. It was a sermon with a searching appeal to both Christian and sinner. "Render unto Caesar the things that are Caesar's and God the things that are God's" were the words of Jesus to His questioners, and this is what the speaker urged his hearers to do.

The music was splendid. Prof. Grenfel told the congregation that they sang "the best yet." How the choir and congregation did respond to the leadership of Prof. Grenfel, especially in a beautiful and catchy new chorus entitled "At Calvary." It promises to be a prime favorite. It is worth your while to attend these meetings to hear the inspiring music. "Violets" by Terschuk, was the flute offertory.

Reports from the group prayer meetings were the best yet. These meetings are accomplishing much good, and are distributing the blessings of the revival to many who are "shut-ins" — not able to attend the church services. Their women are learning to pray and to lead meetings that have never done so before. These meetings will continue at 10 a. m. each day to and including Friday. Services at the church at 7:30. The "boosters" meet this evening at 7.

Committees were appointed last night to arrange for the big family service Easter Sunday morning. Automobiles will be sent for all too old or infirm to attend otherwise. The church will be appropriately decorated, the music will be the best of the whole time, and everything possible will be done to make it a day that will never be forgotten by those who come. No member of the church can afford to be absent.

Word received from Evangelist Calhoun Tuesday was that his mother is in an extremely critical condition and not expected to survive many days. Rev. Calhoun has cancelled his next engagement which was to have begun at Marseilles, Illinois, next Tuesday. His numerous Maysville friends will deeply sympathize with him in his trouble.

KENTUCKIANS DROWNED IN OHIO NEAR PORTSMOUTH

Small Craft Is Upset In Gale and Three Are Drowned—Two In Boat Are Rescued.

Portsmouth, Ohio, April 12.—The Ohio River at this point claimed its first victims of the season when Leonard Warnock, 24, and Aubrey Warnock, 19, and Thomas Truitt, 45, were drowned.

The skiff in which they were crossing the river upset. The two other occupants of the boat, Harry Warnock, 25, and Earl Ruggles, 27, narrowly escaped a similar fate, being weakened by the buffeting water and about ready to release their hold when rescued.

The three victims, two of whom were brothers, slipped from the overturned boat into the river when the rescue party was only about 25 yards away. The five men were employed at the N. & W. shops here and were all residents of Fullerton, Ky., and vicinity. No attempt has yet been made to locate their bodies, the condition of the river making it impossible for searching parties to even begin work.

North and South Irish Troopers Reach Agreement on a Truce and Men Are Withdrawn From Lines.

Belfast, April 12.—A truce has been declared between the Ulster special constables and the Free State troops, which have been in menacing proximity along the Fermanagh border between Ulster and South Ireland.

Sir Basil Brooke, commanding the Fermanagh specials, crossed into Free State territory at Blacklion near Belcoo yesterday, and conferred with the rival leader. The interview was harmonious and an agreement was reached under which both sides will withdraw their forces a short distance from the border-line to avoid the risk of a clash.

STRANGER SUICIDE TO BE HURIED THURSDAY.

As yet the stranger who committed suicide last week on the Lexington road has not been identified and Coroner Thomas F. The body will not be interred in the potter's field but a grave has been purchased by the Baracoa class of the Baptist Sunday school for the interment.

Banks was not seen there, however, until early Tuesday morning.

Emerging through the same window he is alleged to have used on previous visits, Banks turned on a light on the third floor and examined the safe which is located at one end of the room. Finding the safe doors locked, Banks, it is said, proceeded downstairs, where the whisky and brandy were stored.

Banks was shot twice in the head, once in the left ear and once in the right ear.

As Perkins caught the fatally wounded officer, Banks unlocked the back door of the drug store and ran to his home on Mulberry street, two blocks away.

As Banks stepped to the ground floor he was commanded to throw up his hands by Policeman Barkley.

Without a word, it is said, Banks opened fire with an automatic revolver that he is reported to have stolen from Mr. Arnold several weeks ago.

The officers returned the first with fourteen shots at the crouching negro.

Banks fired three shots, one passing through Policeman Barkley's body.

SUCCESS OF CONFERENCE NOW SEEMS ASSURED

Genoa Conference Gets Underway and Lloyd George Appears the Guiding Hand of the Meeting.

Genoa, April 12.—Genoa's modern "Tower of Babel" gradually is finding articulate voice.

Disputes, in which balance of power played an important part in the first 48 hours of the economic conference, have been straightened out under the firm dictatorship of Premier David Lloyd George.

These results of the Genoa parley are within sight:

1. Readmission of Russia to the family of nations.

2. Agreement among European powers providing for nonaggression.

3. Economic, financial and transportation agreements among the leading powers represented.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

THE HYPOCRISY OF THE LEAGUE.

The hypocrisy of those countries responsible for the policies of the league of nations has never been more strikingly in evidence than in the recent agreement for the adjustment of differences with Turkey. Far from carrying out the loudly applauded declaration of Mr. Lloyd George in 1917 that the day of the Turk in Europe had ended, this new arrangement practically returns to Turkey the European holdings that were taken from her during the war. The foreign ministers in session at Paris have agreed to turn over to the Turks a part of Trace, to leave Constantinople under Turkish control, and to restore Turkish sovereignty over Armenia and the Armenians. The abandonment of the Armenians to almost certain slaughter is the outstanding feature of this program.

The covenant of the league of nations contains this highly altruistic passage: "Certain communities formerly belonging to the Turkish Empire have reached a stage of development where their existence as independent nations can be provisionally recognized, subject to the rendering of administrative advice and assistance by a mandatory until such time as they are able to stand alone. The wishes of these communities must be a principal consideration in the selection of the mandatory."

The scramble of the allies for mandates over Syria, Mesopotamia, and Palestine is a very recent memory. Those territories contained rich oil deposits and other natural resources coveted by the countries that were parcelling out the mandates. But Armenia held no such riches and offered problems of administration that were shunned by each of the allies. It will be remembered that they prevailed upon former President Wilson to ask Congress to accept a mandate for the United States over Armenia, and he actually did make such a request of the Senate. It was promptly turned down, after Gen. Harbord had made a personal inspection of Armenian conditions and had reported that it would cost this country upwards of \$500,000,000 a year to maintain order there.

The allies have dodged the Armenian issue ever since the armistice, and their ministers now refer to the problem in the following paragraph that is to form a part of the agreement with Turkey: "The situation of the Armenians has received special consideration as much on account of the obligation contracted by the allied powers during the war as on account of the cruel suffering endured by that people. Consequently the aid of the league of nations is sought, in addition to the provisions made for the protection of minorities, with a view to satisfying the traditional aspirations of the Armenian people and the establishment of a national home for them."

Of course the council of the league of nations is but a disguise for the very countries whose ministers drew up the above remarkable declaration. If those countries will not undertake to protect Armenia acting through a mandate, they will hardly try to do so acting through the league of nations. The truth is that Armenia is to be abandoned to the Turks, the traditional program of bloodshed and oppression in that unhappy country is to be revived, and further mockery is to be made of the league covenant, the preamble of which says its object is "to achieve international peace and security."

GENOA GREEN-GOODS

And still the internationalists declare that the world will go to ruin unless the United States sends delegates to participate in the conference in Genoa. They must certainly expect the United States to undertake some huge tasks as a result of the Genoa conference if our presence is to be of such great effect. What would they have us do in addition to the proposed contribution of eleven billion dollars to the restoration of Europe?

NO CONCERN TO US.

The British Government having sent to each of its foreign ambassadors a note saying that aggression by any other government in Egypt would be looked upon as an unfriendly act, it will be a pleasant thought to Americans that there is no danger of any aggression on the part of this government in Egypt or any other part of the world. We are minding our own business and covet the possessions of no other nation.

WHAT EMMA ADVOCATED

Emma Goldman says the iron hand of communist state killed the new government of Russia. Of course. The revolutionists no sooner overthrew the iron rule of the Czar than they set up an iron rule of their own. But it is our guess that Lenin and Trotzky had less iron in their rule than Emma would have put into it if she had been ruler. The strongest enemy of government is the severest governor when he gets the chance.

HELP WANTED

In one of the far Western states a state court is trying a man for loaning his citizenship papers during the war to help another man get out of the country, and also for writing letters expressing his hope that the United States would be whipped. Here's a chance for our general amnesty friends to get busy.

GOMPERS' LITTLE LIST.

Mr. Gompers says that he is about to compile a list of the foes of labor. It will be a mighty short list, if drawn according to that schedule. But probably Mr. Gompers has in mind a list of foes of radical labor leadership. If so, he will need a good many reams of paper.

A KIND FAILURE

Chairman Hull, of the Democratic National Committee, says that this administration is a complete failure. The holders of Liberty Bonds, who have seen their bonds advance in value from 85 cents to 98 cents under the Republican administration like that kind of a failure.

GREAT PRODUCTION
TO BE UNDERTAKEN
BY R. W. TULLY.

Richard Walton Tully to undertake the filming of "Omar, the Tentmaker."

Richard Walton Tully, accompanied by Mrs. Tully, has left New York for Los Angeles, where he will immediately start preparations for his second big picture to be released through Associated First National. The purpose of Tully's visit here was to deliver to the First National the finished negatives of his first picture, "The Masquerader," based upon the successful stage play in which Guy Bates Post starred for six years, and in the screen version of which Post makes his screen debut. "The Masquerader" had previously been scheduled for release this spring, but First National is so impressed with the magnitude and potential earning possibilities of the feature, that they decided, in conference with Mr. Tully, not to release the picture for hot weather exhibition, but to withhold it till fall, when it will be their first big release of the new season.

Meanwhile, Tully will commence work on his second feature, which will be a screening of his own Oriental drama, "Omar, the Tentmaker," based upon the life and works of the Persian poet, Omar Khayyam, in which play Post appeared for four years previous to "The Masquerader," and in which he will also star on the screen.

Tully has already engaged the same able corps of assistants to surround him in the filming of "Omar" as aided him in the production of "The Masquerader," namely, James Young as director; Wilfred Buckland as art director; George Benoit as cinematographer and A. Carle Palm, laboratory expert.

The cast required for "Omar" is a lengthy and difficult one, and Tully expects to spend several weeks in the selection of the actors best suited to the many distinctive characterizations. Tully will also endeavor to reproduce the glowing, colorful atmosphere of the Orient with a fidelity and exactitude never realized by any American picture. He recently spent six months in Persia absorbing local color, purchasing authentic properties and art-objects, and taking hundreds of photographs in the more remote sections of the country, where the architectural structures and modes of life have altered indefinitely during the centuries, to be used as the basis of the settings. Tully hopes to have the "Omar" picture finished by September, so that its release will follow closely upon that of "The Masquerader."

SORT NEWS

Weimer and Kresser, last year's stars will be in Maysville Sunday to practice with the local baseball club.

President Claude Watkins has received a letter from Carl Weiman, a scout for the St. Louis Browns, saying that they had two young outfielders that they would turn over to Maysville to work into form.

Manager Boskins has given Goddard and Bradly, two outfielders, their release. Goddard has gone to Mt. Sterling for a tryout there.

Manager Mack of Philadelphia Americans, has released Johnny Walker a catcher, Howard Malone outfielder and Charles Ollinger, a pitcher. Ollinger was released unconditionally.

Batteries for opening game at Cincinnati are: Cincinnati: Rixey and Wingo; Chicago: Alexander and Hartnett.

FABER IS GLEASON'S CHOICE.

Chicago, April 11 — The Chicago Americans were home today to round out their spring training with a short session at their South Side park. Manager Gleason planned to send Urban Faber to the mound Wednesday in hope of taking the season's opener from the St. Louis Browns.

MAY CANCEL MARQUARD,

KOFF AND SCOTT TRADE.

Boston, April 11. — Cancellation of the trade by which Cincinnati gave to the Braves Pitcher Rube Marquard and Shortstop Larry Kopf in exchange for Pitcher John Scott is said to under consideration by Owner Herrman and Manager Moran of the Reds. The fact that Scott's pitching arm has been bad all spring has caused the Reds to question whether the Braves' management knew his condition when the trade was made. Manager Mitchell, of the Boston team, said there was no reason to doubt Scott's condition at the time. Cincinnati regretted the deal an hour after it was made, he said.

Dud King came through his operation in great shape and will leave Wednesday for Louisville to be on hand for the opener. It will be a couple of weeks before he will be able to undertake any heavy work. With a good hitting club behind him Dud should win more than half of his games this season.

Pat Moran, manager of the Reds, is worried over his infield problems. Jimmy Caveny came up with a sore arm about ten days ago. Moran sent him to a specialist, but the lameness was not relieved. Fowl, a neat shortstop, is in an Indianapolis hospital. Kinnick, who is not rated highly in Cincinnati circles, will get the call in the opening games.

HORRIBLE HEADACHES

Try a Course of Gude's Pepto-Mangan To Overcome Their Cause.

Perhaps you wonder whether a disordered stomach causes them. Maybe you think your eyes are not just right and that they make your head ache, or possibly that a sluggish liver makes your head hurt. But have you ever thought that your frequent headaches may be due to weak, watery blood?

This is a very common cause of headache—what the doctors call anemic headache, due to what they term general “blood poverty.” Take Gude's Pepto-Mangan with your meals for a few weeks to build up your blood and general strength, and your headaches will probably cease. Gude's Pepto-Mangan contains a readily digestible form of iron that puts more redness into your blood, and, as everybody knows, it is red blood that is the only sure foundation of good health. You cannot be well without it. Get Gude's Pepto-Mangan of your druggist. It is sold in both liquid and tablet form.

TWELVE YEARS FOR CARTER.

The Ripley Bee says: Charles Carter who was convicted at the last session of the court was sentenced last Saturday by Judge Tammell to 12 years in the penitentiary.

Carter was accused of attempted rape on a little white girl by the name of Hopper, who formerly lived in Ripley. The girl was 13 years old and her father was a tenant on the farm of Carter. We understand that Carter has sold his farm sometime ago, in preparation for this long term.
